

# Never Heard Of It, Something Out There

This evening  
At quarter to 8  
We'll have an update  
I think it's too late  
But they're trying  
To do all that they can

Family  
Together for once  
It been too long  
Since everyone went their own ways  
Upon the falling out

I wish  
I wasn't in this hospital  
They always say impossible  
That we would meet again

But I know there something's out there  
Something somewhere  
I feel it all around  
Feel it all around this room  
And I feel like something out there  
Someone somewhere  
Starting to hold on  
Running really hard  
This day

It's cold here  
I've been waiting all day  
On the other side  
Remind me of the way I feel the night was young  
So closely we are young

The small talk  
How I give in  
I'm doing ok  
Justine today  
He was laughing  
And telling all his jokes

I wish  
I wasn't in this hospital  
They always say impossible  
That we would meet again

But I know there something's out there  
Something somewhere  
I feel it all around  
Feel it all around this room  
And I feel like something out there  
Someone somewhere  
Starting to hold on  
Running really hard  
This day

After all these years of trying out there  
Someone dying  
It feels like we're home  
You've got all the attention  
Let's all leave this place together  
Hang on  
Let's start over  
Please don't let go

You've got our attention now

Something's out there  
Something's out there  
Something's out there  
Feel it all around  
Feel it all around this room

Something's out there  
Something somewhere  
I feel it all around  
Feel it all around this room  
And I feel like something's out there  
Someone somewhere  
Starting to hold on  
Running really hard  
This day

After all these years of trying out there  
Someone dying  
Give us a chance  
You've got our attention  
Let's all leave this place together  
Hang on  
Please get better  
Just don't let go  
You've got our attention Dad
