

Never Say Forever, Failure Pattern

feeling so alone
You act almost like you don't care anymore

feeling so confused
you were never there when i needed you the most

feeling so afraid
is this how it ends

feeling so betrayed
i bet you said that you were my best friend
but just think you proved to be my bitter end

I thought you said, forever
I thought you said, we'd always be together

I picture perfect failures like
a dream that I've been chasing
a kiss that will never exist again

I let me fool myself with things
by something ive been searching just to find
now i see that I think that was just a waste of time

i want you to stay forever
i thought youd stay, wed always be together
(i know that this cant be the end)
I want you to stay forever
(I know that this cant be the end)
