

Never Say Forever, In Flames

find me wrapped in, this
broken spirit, only you can fix

feeling distant, you taking over
shouldve known better than trying this all by myself
I can't do it

and anywheres better than here
and anytimes better than now
to feel so alone

dying to inflict, a wound
both painful and difficult to stitch
to this wrist

I can see heaven, i can taste gold
I can be stellar, and I wont grow old
and anywheres better than here
and anytimes better than now
to feel so alone

Im going nowhere but I'm going fast
I can't stop running and I can't turn back
So take the wheel from me, cuz I don't know the way

And I'm going nowhere, but I'm going fast
I can't stop running, I can't turn back
and I'm going nowhere, I'm going fast
cuz I don't know the way
