

Nevershoutnever, Dare4distance

I got the concept and came to the conclusion
That the top floor was just an illusion
To the fact that I go this break in my back
That I can't get out; I cant figure out how
You appeared right in front of me
Before your march down south a university
Is where you spend your daylight
But we're both just waiting for this friday night
Although the distance is daring
We both know how to drive
Wo-o

Weekend make-up for the lost time that we both apologise for
I cant stand the fact that this extremity is the center of my day
I see where your coming from
We've been on the same boat since day one
I see how you like to run
Back to the things that got you here
Although the distance is daring
We both know how to drive
Wo-o

Weekend make-up for the lost time that we both apologise for
I cant stand the fact that this extremity is the center of my day
Mondays I sleep away
Tuesdays I lay awake
Wednesdays are the worst
Thursdays I reminice
Fridays I see your face
And I can breathe
