

# New Edition, All I Want For Christmas(Is My Girl)

The first time I ever talked to you  
My heart told me where a dream came true  
And the first time you put your hand in mine  
I was wishing it would last a lifetime

Chorus:

All I want for Christmas is my girl  
(all I want for christmas. Christmas is my girl)  
All I want for Christmas is my girl

And we kept close under the mistletoe  
As we watched the moon lit shadow in the snow  
And it was then that I knew for sure  
That I got just what I asked for.

All I want for Christmas is my girl  
(all I want for christmas. Christmas is my girl)  
All I want for Christmas is my girl

I know I see angels  
When I look in your eyes  
When I wake Christmas day  
You'll be my big surprise.

All I want for Christmas is my girl  
(all I want for christmas. Christmas is my girl)  
All I want for Christmas is my girl

All I want for Christmas is my girl  
(all I want for christmas. Christmas is my girl)  
All I want for Christmas is my girl

(Spoken)

Well, Ron, you know Christmas is all the same man.

Yeah, Mike. And I can't wait to the 25th because I know my mother bought me something very special. Special? There's nothing more special than being under the Christmas tree with your family, opening gifts. That's a serious feeling.

Well fellas, let's remember that the spirit of Christmas is all about giving.

What do you think, Ralph?

What, who me, Rick? Well, the greatest gift I could ever have is to spend Christmas with my 2 favorite people. My mother and, of course, my candy girl!

All I want for Christmas is my girl  
(all I want for christmas. Christmas is my girl)  
All I want for Christmas is my girl.
