

# New Edition, Superlady

When I'm alone with you  
You know just what I wanna doooooo girrrl  
To hold you in my arms  
Lovin' you all over baby  
Yeah yeah yeah

No pressure from me baby  
No need to get excited  
Because tonight was made for two lovers  
And you were invited

[Chorus]

Ordinary  
Keep me runnin'  
Superlady

Ordinary  
Keep me runnin'  
Superlady

Heaven must've sent you girl  
To be with me for always  
Sharin' all our fantasies ooooooh

Tell me that you'll always be around  
Show me you care  
I'll always be there

[Chorus]
