

# New Found Glory, It's All Around You

"You Ready? 1..2..1..2";

Where do you go?  
when you have no where to turn?  
the roads connect  
to the bridges you've burned  
to reach the end

you've been calling  
and since you were  
you're finding excuses to be by yourself  
there's more to life, no

it takes, you  
to open up your eyes  
to see, the light  
it's all around you  
it's all around you

you've been sleeping  
your problems away  
being reclusive and losing yourself  
it's time to change

it takes, you  
to open up your eyes  
to see, the light  
it's all around you  
it's all around you  
it's all around you  
it's all around you

slowly building up now (leave it all)  
losing it on you now (leave it all)  
breathing down your neck now (leave it all)  
telling you "don't leave it all behind";

it takes, you  
to open up your eyes  
to see, the light  
it's all around you  
it takes, you  
to open up your eyes  
to see, the light  
it's all around you  
it's all around you  
it's all around you  
it's all around...
