

# New Found Glory, On My Mind&nbsp;

Let's make a date out of the cinema  
Then stay out till early in the morning  
I always like it cause we take it slow  
While everyone around us seems so hurried

It feels familiar, cause I've been here before  
When your words  
Swept the ground right from under me  
Remember when you were so insecure  
Now you can't get your hands up off of me

But the time we spent was so short  
Can't believe it's time to go again

You're always on my mind, all the time  
On my mind, believe it  
You're always on my mind, all the time  
On my mind, believe it

Can we pick it up where you left off  
When you said you'll never get over me  
I'll take for granted every roll off your tongue  
Cause you're screaming out all your honesty

But the time we spent was so short  
Can't believe it's time to go again

You're always on my mind, all the time  
On my mind, believe it  
You're always on my mind, all the time  
'Cause there's nothing I'd rather think about, believe it, believe it

You know it's time,  
You see the bags at the door  
I'm minutes away from departing  
In exchange for a few last words  
Will never be enough for me

You're always on my mind, all the time  
On my mind, believe it  
You're always on my mind, all the time  
'Cause there's nothing I'd rather think about, believe it, believe it  
You're always on my mind  
On my mind, believe it

But the time we spent was so short  
Can't believe it's time to go again

(You're always on my mind, all the time  
On my mind, believe it  
You're always on my mind, all the time  
On my mind, believe it)
