

New Moon soundtrack, Stay with me

1.

Raindrops, fall from, everywhere
I reach up for you, but you're not there
So I stood, waiting, in the door
With the picture, in my hands
Story of the broken heart

Chorus:

Stay with me, don't let me go
'Cause I can't breathe without you
So stay with me, hold me close
Because I've built my world around you
And I don't, want to know what it's like without you
So stay with me, stay with me

2.

I'm trying, hoping, for the day
And my touch is enough to take the pain away
'Cause I've searched, so long, the answer's clear
And I'll be, hoping, we don't let it disappear

Chorus:

Stay with me, don't let me go
'Cause I can't breathe without you
So stay with me, hold me close
Because I've built my world around you
And I don't, want to know what it's like without you
So stay with me, stay with me

3.

I've searched my heart over, so many, many times
No you and I, it's like no stars
To light the sky at night
Our picture hangs out of tune
Remind me of the days
You promised me, we'll always be, and never would go away
That's why I need you stay

Chorus:

So stay with me, don't let me go
'Cause I can't breathe without you
Stay with me, hold me close
Because I've built my world around you
And I don't, want to know what it's like without you
So stay with me, stay with me
Don't leave...
So I'm still, waiting in the door
