

New Order, Fine Time

You're much too young
To be a part of me
Too young
To get a hold on me

You're much too young
You're much too young
You're much too young
To mess around with me

Hey
You know I've met a lot of cool chicks
But I've never met a girl with all her own teeth
That's why I love you babe
That's why we could be
But you're too young
Too young

The past doesn't matter [12x]

Hey
Sophisticated lady
You know I've met a lot of cool chicks
But you've got style
You've got class
But most of all
You've got love technique.
