

New Power Generation (N.P.G.), Count The Days

Count the days

Here's a church, here's a steeple
Here's a muthaf**ka that I gotta blow away
Here's my chance 2 cure the ills of the people
But not until I make this muthaf**ka pay
And oh, baby I count the days

(Yeah yes)
I count the days

Here's the interview, here's the time
If I keep your secrets, will U keep mine?
If we hurry, we can catch the train
If it was left up 2 U, I would die in pain
(That's why) I count the days

(Oh yeah)
Whoa, I'm counting (Oh)
Hear me (Hear me)

(Days) (Days) Days
Counting the days

Great day in the morning
My choir sing a pretty song
Every day I'm with your ass is another day wasted
I swear is a day 2 long

Counting
Like Frankie Beverly without Maze
I'm counting
Muthaf**ka, I count the days

Can I count on? (Hey)
Count on? (Counting)
Count on? (Hey yeah)
I count the days (Days)

Count the days {repeat til fade}
