

# New Power Generation (N.P.G.), Wasted Kisses

CHORUS:

Why did I waste my kisses on U, baby?  
Why did I waste my kisses on U now?  
Why did I waste my kisses on U, baby?  
Why did I waste my kisses on U now?

Overdue that's how I described the hour  
The minute, the moment that I first laid eyes on U  
I guess I knew that sooner or later this power  
Would manifest itself into a rendezvous

Small dark room that's where I let U smother  
In front of your [gut, tell another]  
Why should I care?

Cheap perfume all over those burgundy stockings  
The ones I tied U up with  
I shoulda just left 'em there (Shoulda just left 'em there)  
Why'd I waste my kisses on U?

Why did I waste my kisses on U, baby?

CHORUS

Why'd I waste my kisses on U, baby? (On U)  
Why did I waste my kisses on U now?  
Why'd I waste my kisses on U, baby? (On U)  
Why did I waste my kisses on U now?
