

# New sodmy, Phantom

Yoru no materou no naka  
Yami ni hisonde  
Hibiku sairen ni awase  
Biru o noboru  
In the skyscraper at night,  
Hidden in the darkness,  
In harmony with the echoing siren,  
I climb the building.  
23 (nijuu-san) kai no heya de nemuru koneko ni  
Koyoi nerai o sadamete  
Dinaa wa hajimaru  
Tonight, in a room on the 23rd floor,  
I set my sights on the sleeping kitty,  
And start dinner.  
Mawaru saachiraito kara nigete  
Beddo no anata o nerau  
Ah...hitoyo kagiri no  
Amai romansu o kure  
I run away from the roving searchlight  
And aim for you in bed.  
Ah, give me one night  
Of sweet romance.  
Nabiku doreepu no ura de  
Iki o koroshite  
Yami no otozure to tomo ni  
Dinaa wa hajimaru  
Behind the waving drapes,  
I hold my breath,  
And with the coming of the darkness,  
I start dinner.  
Mawaru saachiraito kara nigete  
Beddo no anata o nerau  
Ah...hitoyo kagiri no  
Amai romansu o kure  
I run away from the roving searchlight  
And aim for you in bed.  
Ah, give me one night  
Of sweet romance.
