

# New West, Those Eyes

When we're out in a crowd laughing loud  
And nobody knows why  
When we're lost at a club, getting drunk  
And you give me that smile  
Going home in the back of a car  
And your hand touches mine  
When we're done making love  
And you look up and give me those eyes  
'Cause all of the small things that you do  
Are what remind me why I fell for you  
And when we're apart, and I'm missing you  
I close my eyes and all I see is you  
And the small things you do  
When you call me at night while you're out  
Getting high with your friends (high with your friends)  
Every "hi", every "bye", every "I love you" you've ever said  
(You've ever said)  
'Cause all of the small things that you do  
Are what remind me why I fell for you  
And when we're apart, and I'm missing you  
I close my eyes and all I see is you  
And the small things you do  
When we're done making love  
And you look up and give me those eyes  
'Cause all of the small things that you do  
Are what remind me why I fell for you  
And when we're apart, and I'm missing you  
I close my eyes and all I see is you  
And all I see is you and the small things you do  
All the small things you do
