

New Years Day, Hurts Like Hell

ive got a f*** up
complex
i want what makes me damaged

the deeper i fall
in this cycle
i just can't deny

i must be outta my mind
cause when you dig in the knife
i kinda i like it
like it
when it hurts like hell
you cut me right to the bone
im feeling out of control
you know i like it
like it
when it hurts like hell
if i could break the habit
then i could kill
the addict inside
but i still
like it
like it
when it
hurts like hell

how did you get so toxic
(whoa whoa)
am i a sick psychotic ?
(whoa whoa)

the deeper i fall
in this cycle
i still can't deny

i must be outta my mind
cause when you dig in the knife
i kinda i like it
like it
when it hurts like hell
you cut me right to the bone
im feeling out of control
you know i like it
like it
when it hurts like hell
if i could break the habit
then i could kill
the addict inside
but i still
like it
like it
when it
hurts like hell

something's gotta give

(wish i could hate you)
(wish i could hate you)

i cant keep
going on like this

wish i could hate you

break you
quit you
wish i could hate you

i must be outta my mind
cause when you dig in the knife
i kinda i like it
like it
when it hurts like hell
you cut me right to the bone
im feeling out of control
you know i like it
like it
when it hurts like hell
if i could break the habit
then i could kill
the addict inside
but i still
like it
like it
when it
hurts like hell

like it
when it
hurts like hell

like it
when it
hurts like
hell

like it
when it
like it
when it
like it
when it
hurts like hell
