## Newsboys, Lost The Plot

When You come back again would You bring me something from the fridge? Heard a rumor that the end is near but I just got comfortable here.

Sigh. Let's be blunt. I'm a little distracted. What do You want?

Headaches and bad faith are all that I've got. First I misplaced the ending then I lost the plot.

Out among free-range sheep while the big birds sharpen their claws. For a time we stuck with the Shepherd but You wouldn't play Santa Claus

Sigh. Let's be blunt. We're a little distracted. What do You want?

Once we could follow, now we cannot. You would not fit our image, so we lost the plot

Once we could hear You. Now our senses are shot. We've fogotten our first love. We have lost the plot.

When I saw You for the first time You were hanging with a thief. And I knew my hands were dirty, and I dropped my gaze. Then You said I was forgiven and You welcomed me with laughter. I was happy ever after. I was counting the days when You'd come back again. We'll be waiting for You. When You comin' back again? We'll be ready for You. Maybe we'll wake up when... maybe we'll wake up when You come back again.

Lies. Let's be blunt. We're a little unfaithful. What do You want?

Are You still listening? 'Cause we're obviously not. We've forgotten our first love. We have lost the plot.

And why are You still calling? You forgave, we forgot. We're such experts at stalling

that we lost the plot. lost the plot.

When You come back again would You bring me something from the fridge? Heard a rumor that the end is near but I just got comfortable here.
