

Newsboys, You And Me

There was a time
When time was mine
I never lived for you
I couldn't see
That you and me
Were ever meant to be

Chorus

You and me were meant to be
You had a plan but I couldn't see
You and me were meant to be
You had a plan but I couldn't see

I looked today
And saw the way
The way I used to be
Your hand reached out
You lifted me
From the miry day

Chorus

You and me were meant to be
You got a plan and now I see
