

# Newsong, God Made Man

All my life I've heard it said  
You've got to make your own way  
If you want to get ahead  
There's a price you will pay.

I listened good and I tried real hard  
But it didn't get me far  
I found out He's holdin' me in the palm of His hand.  
I got no doubt He's callin' me to be a God made man.

[Chorus]  
Gonna trust in Him completely  
Gonna go wherever He leads me  
Givin' everything to be a God made man  
Gonna love Him with my whole heart  
Follow Him no matter how far  
Won't be content 'til I am a God made man.

Everyday I remind myself  
I'm just a work in progress  
How much I need His help  
To take every step I take.

Every time that I lose my way  
My heart goes rick-a-da-day  
I found out He's holdin' me in the palm of His hand  
I got no doubt He's callin' me to be a God made man.

[Chorus]

I know He's shapin' me into the man  
That He wants me to be.

[Chorus]
