

Newton Faulkner, Gone In The Morning

Off to the land of sleepy time I go
I'm gonna take my shoes off at the door
I'm gonna go with dreams like rivers flow, woah
When the alarm goes off I just won't know

Won't you, come with me?
Won't you, before they're gone in the morning, I
I wanna know why they're gone in the morning, I
I feel alone when they're gone in the morning, I
I wanna know why they're gone in the morning, I, I

I'm gonna master all kinds of kung fu
I'm gonna live inside a tiny zoo
I'm gonna grow myself a giant afro, (incredible), woah
When the alarm goes off I just won't know

Won't you, come with me?
Won't you, before they're gone in the morning, I
I wanna know why they're gone in the morning, I
I feel alone when they're gone in the morning, I
I wanna know why they're gone in the morning, I, I

Oh woah, I don't mind
What's in store
Make it in my own sweet time
Then I know
I don't wanna go

Won't you, come with me?
Won't you, before they're gone in the morning, I
I wanna know why they're gone in the morning, I
I feel alone when they're gone in the morning, I
I wanna know why they're gone in the morning, I, I
Oh

They're gone in the morning, I
I wanna know why they're gone in the morning, I
I feel alone when they're gone in the morning, I
I wanna know why they're gone in the morning, I, I
Oh woah oh
