Next, All Because Of You

(female) How do I know you won't hurt me? What makes me so different?

I spent my whole life
Just wonderin around
Lost in love
Until I was found by
You...
And I thank you
You showed me...
(what) life is all about
You've turned my whole life around
Changed all that I do
It's all because of you...

(chorus)

I threw away my players card
I put my girl before my card
I believe that I can reach the stars
It's all because of you (cause I knew you're there)
I swear I'll never fool around
Won't hang out late night trying to clown
Right now I wanna settle down
It's all because of you...
Baby, baby

Lovin you Is such a beautiful thing Got me thinkin bout coppin you that ring Your such a queen

You've given my life new meaning It's like a dream
How could this be?
Someone like you, for me
I've never felt more complete
Than I do when I'm with you

(chorus)

I promise a day won't go by
That I won't say that i
That I love you (love you)
And I need you (need you) baby
There's nothin that I won't do to please you (nothing, nothing)
Girl, you've changed me (changed me)
I just wanna make you happy (oooh)

(chorus)

Everything that I am (everything)
Everything that I'll ever be (all)
Is all because of you (all because of you)
It's all because of you (all because of you)
I love you...
