

NEXX, Synchronize Lips

All I want is to kiss
Cause you look so fine
All I want is your lips next to mine
Just like this.
It is better than wine
Put your hands on my hips.
Come on, let synchronize lips.
I dont need anyone but you to please me
You got everything I want
Dont you stop
You can make me pop
Just chase me
Baby you can turn me on
Make a wish
Bet on your lips
O please?
All I want is to kiss
Cause you look so fine
All I want is your lips next to mine
Just like this.
It is better than wine
Put your hands on my hips.
Come on let synchronize lips.
Lips lips... this this... synchronize lips lips... this this...
I dont need yet another promise spoken
Just another kiss or two
All I want is to keep my options open
You can make my dream come true
Make a wish
Bet on your lips
O please...
All I want is to kiss
cause you look so fine
All I want is your lips next to mine
Just like this.
It is better than wine
Put your hands on my hips.
Come on let synchronize lips.
