

NF, PAID MY DUES

clicks /3x
they'll do anything to get a few
tick /3c
that's the sound before my head explode
quit /3x
look at you up on your pedestals
quit /3x
hear the critics come
it's time to go!

i read your article it kinda hurt me
i don't know who hired you or what your friends say in your circle
but the fact that you released it tells me two things
are for certain
they get paid for trashin' people
i get paid cause i stay workin'

drop the search on
they emerge up out of nowhere to the surface
just to peak behind the curtain
throwing salt at all my burdens
I am aware I shouldn't give this my attention
lifes a journey
I should just stay on my payh and learn to laugh
you think they heard me?

ears are burning
put em out
quiet /2x
look around
why don't they find someone way more interesting to write about?
plus we're kinda boring aren't we?
all we do is whine and pout
it's confusing
so amusing how I argue whit myself
