

Niall Horan, Never Grow Up

Never never never never grow up
Never never never never grow up
Never grow
Never never never never grow up

Never wanna be like them
Talkin' over coffee but we sayin nothin'
Both of us forgettin' how we once were friends
In another life, hmm

Never wanna go to sleep
Feelin' like an ocean's in between our sheets
Staring at the ceiling with your back to me
Turnin' out the lights, I...

Hope we still dance like we're fallin' in love
Hope we still drink like we're back in the pub
Hope we grow old but we never grow up

Hope we still fight over bands that we love
Hope we still cry cause we're laughin' too much
Hope we grow old but we never grow up
We never grow up

La la la, la la la, la la la
La la la la, la la la, la la la

I think that we could be like that
Every single Sunday in our Sunday best
Laughin' over nothin' with a full wine glass
Wild look in our eyes

Oh when I'm with you yeah it all makes sense
Never givin' up on our innocence
Every single night's on fire when we're turnin' out the lights, I...

Hope we still dance like we're fallin' in love
Hope we still drink like we're back in the pub
Hope we grow old but we never grow up

Hope we still fight over bands that we love
Hope we still cry cause we're laughin' too much
Hope we grow old but we never grow up
Yeah we never grow up

La la la, la la la, la la la
La la la la, la la la, la la la

Hope we still dance like we're fallin' in love
Hope we still drink like we're back in the pub
Hope we grow old but we never grow up

Hope we still fight over bands that we love
(bands that we love)
Hope we still cry cause we're laughin' too much (laughin' too much)
Hope we grow old but we never grow up
(yeah we never grow)
Yeah we never grow up
La la la, la la la, la la la
(yeah we never ever ever grow up, yeah we never ever ever grow up)
La la la la, la la la, la la la

Never never never never grow up
Never never never never grow up

Never grow
Never never never never grow up
