Nice Little Penguin, Flying

Here I am, I'm on my own For the first time, really on my own So will I make it, will it work all right Can I make it through the night

And I go...

OOoooohh..... OOoooohh..... I am flying In open space

Look at me I'm riding high I'm the air born master of the sky And everything beneeth me seems to fade without a trace without a shape

And I go

OOoooohh..... OOoooohh..... I m flying In open space

And everything beneeth me seems to fade without a trace without a shape

And I go

OOoooohh..... OOoooohh..... I m flying In open space
