

Nicholis Louw, I Go Crazy Over You

Every time I look into your eyes I could lose my mind
And every time I see you smile I go crazy
Every second with you every single kiss
Every time you touch me feels like heaven

And do you feel the same too

Cause I go crazy over you woh woh
I go crazy over you woh woh
I lost my heart the day that I found you woh woh
Im so crazy over you

Sometimes when were together Id say something wrong
And I can see in your eyes you wanna cry but youre trying to be strong

And do you feel the same too

Cause I know the way you are
When you cry you want me to see
That youre deep in my heart though youre far away from me
Slow down baby I even call you in my sleep
Hold on baby cause I think youre in too deep
Way too close for me
