

# Nicholis Louw, I'm Coming Home

I've been thinking about the things I said the day I left you standing there cryin  
And I know I promised everything I said was true but baby I was lyin

You begged me to stay I said there was no way  
Even though my heart is breaking  
As the miles went by I still heard you cry  
I'm coming home to you

I'm coming home to you  
Coming home to you  
Home to you home to you

Im coming home

Every days a choice I make I have to face the music I'm just tryin'  
To find the words to say to you and mend your broken heart and stop the cryin

And the miles go by the faster I drive  
I can see it all so clearly  
I'm begging you now forgive me somehow  
I will make it up to you

Home to you  
Coming home to you  
Home to you home to you
