

# Nicholis Louw, Love Me Now

Leave all the shadows of the past behind  
Dont bring it along to me  
Lets make our own new vows, just you and me  
You and me

Love me now love me free  
Love me very seriously  
Love me now love me free  
For tomorrow might never be  
For tomorrow might never be

Set your soul free, of what used to be  
Lets not waste precious time  
And make everyday fine  
Just ever be mine be mine

Love is rare its not simply there  
Lets protect oh what weve got  
And always treasure this gift from God above above
