

Nicholis Louw, Run Away With You

Run run away I wanna run away with you

Time can fly pass you by thats why I couldnt lie
Saw you wanted you fell for you in love with you
Made you mine all mine baby girl you crossed the line
Hold on tight here we go always fast never slow

Woooho youre all about the action
Woooho I got your satisfaction
Do you want it coz Ive got it
Do you need it coz I need to

Run run away I wanna run away with you
Run run run run away
Into the night till the sky turns blue

Say my name play a game Im the same you know it
Kiss me now show me how
Wow wow I love it
Put your hands on me move fast Im smiling
Look at me only me
Baby baby kiss me
