

Nick Black, Let Your Go

I'm yours for the taking.
So sick of waiting here for you.
Now are you broken?
Let's see how you used me.
I'm yours for the breaking.
So sick of hating me for you.
Now are you broken?
You know it consumes me.
I can't take this any further.
You won't let me.
I can take this just like murder.
I can't let you go, I can't let you go.
Unreciprocated.
How long you've waited there for me.
Will you awaken,
Or will you abuse me?
Why? What have I taken?
Just for the sake of loving you.
Now are you beaten?
You know it consumes me.
I can't take this any further.
You won't let me.
I can take this just like murder.
I can't let you go, I can't let you go.
Always a lie.
Something is telling me I don't need you.
I can't take this any further.
You won't let me.
I can't take this any further.
You won't let me.
I can take this just like murder.
I can't let you go, I can't let you go,
I can't let you go, I can't let you go.
