(Verse 2)

All up into woman keep layin next to me

Cannon the kid that make skinny sexy

Sexes hefty and ma's with lefty

Saw a puerto rican mami and she wanna bless me

A chick named Leslie others connected me

He gave her the two-way and she keep on textin me

Im from Texas named Lexas

Shorty only want me cuz she like my necklace

But when Im in town its bed and breakfast

I thought u knew theres a few on my checklist

Girl in the photo-booth with a gold tooth

Danes the truth said her name was Ruth

So I pondered to what she often do

Says she like Proton Boots and Ajam Maju

Respect this dont get it to wreckless
Cuz u could be the next chick on the checklist

(Chorus)

Broken glass everywhere
We hit the 6 in the mornin like we just dont care
Girl who u rollin to the club with{you}
Girl who u turnin all them bottles with{you}
Girl who u rollin on them dubs with{you}

Broken glass everywhere

Flashin like a star u know shinin her mouth
The boys over there tryna figure me out
If they call security they gon get a kick in the mouth
Got hundreds in my hair Jacob on the other

Tell the Valley to pull up the truck
