

# Nick Carter, I Stand For You

I'm gonna run forever, say whatever  
Take a chance in, what I believe in  
I'm gonna have a tattoo, I'm gonna have an attitude  
So tell my girlfriend, that I'm leaving

Bridge:

'Cause I'm free yeah, to say what I wanna say  
And I'm feelin' that it's time to get away

Chorus:

Woh woh, we can live forever if we try  
It's up to you  
Yeah yeah and nothing's gonna stop us now  
We're young...I stand for you

See I'm a taker, I'm not a beggar  
I'm tired of losin', I'm gonna lose it  
I wanna ride a harley, oh on the highway  
I'm gonna do it my way, i'm gonna do it my way

Bridge:

'Cause I'm free yeah, to say what I wanna say  
And I'm feelin' that it's time to get away

Chorus:

Woh woh, we can live forever if we try  
It's up to you, yeah you  
Yeah, yeah and nothing's gonna stop us now  
We're young...I stand for you

Pressure in the air, in my hair, people everywhere  
Politics don't care, need to ease my mind  
Try to find a way, better day, but it's time to get away  
Don't you care

Chorus:

Woh woh we can live forever if we try  
It's up to you, yeah you  
Yeah, yeah and nothing's gonna stop us now  
We're young...I stand for you

Woah yeah

Chorus:

Woah woah we can live forever if we try  
It's up to you, yeah you  
Yeah, yeah and nothing's gonna stop us now  
We're young...I stand for you

Chorus:

Woah woah we can live forever if we try  
It's up to you, yeah you  
Yeah, yeah and nothing's gonna stop us now  
We're young...I stand for you
