Nick Cave, And No More Shall We Part

And no more shall we part It will no longer be necessary And no more will I say, dear heart I am alone and she has left me

And no more shall we part The contracts are drawn up, the ring is locked upon the finger And never again will my letters start Sadly, or in the depths of winter

And no more shall we part All the hatchets have been buried now And all of birds will sing to your beautiful heart Upon the bough

And no more shall we part Your chain of command has been silenced now And all of those birds would've sung to your beautiful heart Anyhow

Lord, stay by me Don't go down I will never be free If I'm not free now

Lord, stay by me Don't go down I never was free What are you talking about?

For no more shall we part And no more shall we part
