

# Nick Cave & The Bad Seeds, I Need You

When you're feeling like a lover  
Nothing really matters anymore  
I saw you standing there in the supermarket  
With your red dressing falling  
Your eyes are to the ground  
Nothing really matters  
Nothing really matters  
When the world you love is gone  
Stealing me, baby  
I need you

In my heart, I need you  
'Coz nothing really matters  
I'm standing in the doorway  
You're walking 'round my place in your red dress, hair hanging down  
With your eyes on one, we love the ones we can  
'Coz nothing really matters when you're standing, standing

I need you, I need you

'Coz nothing really matters  
We follow the lines of the palms of our hands  
You're standing in the supermarket, nothing, holding hands  
In your red dress, falling, falling in, falling in  
A long black car is waiting around  
I will miss you when you're gone  
I'll miss you when you're gone away forever  
'Coz nothing really matters  
I thought I knew better, so much better  
And I need you  
I need you

'Coz nothing really matters  
On the night we wrecked like a train  
The pair in cars in a pouring rain  
Never felt right about, never again  
Cause nothing really matters  
Nothing really matters anymore,  
Not even today  
No matter how hard I try  
When you're standing in the aisle, baby  
Nothing, nothing, nothing  
I need, I need, I need you

I need you  
I need you

In my heart  
I need you  
Just breathe, just breathe  
I need you!
