

Nick Drake, Stuck On You

I don't know much about love
How it cures and frees the soul
Makes you whole and all that other stuff
But I was kissed by lady luck
And I know that I'm stuck on you
Yes I know that I'm stuck on you

Sometimes it gets so very hard
It's like we're trying to tear each other apart
With every scar a deeper love revealed
Now there's nothing left to conceal
No there's nothing left to conceal

With every turn it's like we hit a wall
Do you see it the same way
And I don't want to complicate it
But I hate this place
And there's only so much that I can take
Before this glass heart breaks

And I know I've got to let you go
You were gone so long
And I didn't even know
It's just that I love you so
And I know that I'm stuck on you
Yes I know that I'm stuck on you
