

Nick Mackenzie, Hug Me

You and I babe
we'll be one forever
I never never gonna hurt you
I really leave you never
You and I babe
we won't ever sever
We really gonna make it girl for always and forever
Let me ask you now hug me hug me
Hug me hug me forever
Come on now and love me
Love me love me forever and a day
I ask you to hold me
Hold me hold me closer than ever
Come on now and hug me
Hug me hug me forever and a day
'Till death us part one rainy day
You and I babe stick together forever
I never never wanna miss you
exchange you for whoever
You and I babe
we'll be one forever
We really gonna make it girl
I really leave you never
Let me ask you now hug me hug me

This feeling is for me brandnew
You've always been my heart's desire
'Cause I'm really loving you
