

Nick Mason, Can't Get My Motor To Start

Can't get my motor to start
Can't get my motor to start
Can't get my motor to start
Can't get my motor to start
Can't you get it to go?
Is your battery low?
No, I don't think so

Try pullin out on the choke
Try lookin' under the hood
Try pullin out on the choke
Try lookin' under the hood
Lookin under the hood
Never did any good
The choke must be broke

Try beatin' down with your feet
Looks like she's startin' to crank
Let's take the gasoline out
Try puttin' beer in the tank
Bring the beer over here
'Cause I need it to steer

Try pullin out all the wires
Try stuffin' cheese in the cracks
Try dynamitin' the tank
Smash all the glass with an ax
Do you have any grease?
Pour it over the seats

What did you do to my car?
What did you do to my car?
What did you do to my car?
What did you do to my car?
Well we took it apart
But we can't make it start

We wanna go for a ride
Let's push it over the hill
We wanna go for a ride
Let's push it over the hill
Better not get inside
'Cause she's startin' to slide
