

# Nickasaur, Dear June

Hey june,  
Words cannot describe how much I miss you  
From our little walks  
To our little talks  
I'm a little shocked  
And I need to dock  
These feelings that I hold inside  
Dear june, it's been awhile  
Do you have a phone number I can dial?  
If I don't get it now I think that I might die, no, no  
I'm exaggerating, but I don't want to be detereorating  
I'll have a rain cloud and it's filled with doubt  
And I don't want that so I'll let it out  
How I feel about you  
If you had my view  
It would all seem clear  
Like a diamond, my dear  
I wish I knew  
If you need me too  
I'll be by your side  
Forever.

Dear june,  
Words cannot describe how much I need you  
From our little walks  
To our little talks  
I'm a little shocked  
And I need to dock  
These feelings that I hold inside  
From movie scenes  
To goodnight dreams  
Without a doubt  
Just think about  
The F U T U R E  
You radiate like sunshine  
And my teddy bear at night time  
We can cuddle like penguins do for heat  
I know I'm right this time  
I see the light that binds  
And I heard it through the grapevine  
That you wanted to be mine  
I hope that you believe  
Fershure I'll never leave  
We'll stick like super glue  
Dear june, I love you.
