

Nickasaur, Queen Bee

Ref.: Break it down,
Crank it up,
Let's run and just don't stop
Spin to the kick drum
Drop it down, your
not done
Twinkle, twinkle, little star
I found out where you are
She's buzzing like a bumble bee
Flying all over me
Add it up like a mathematician
I wanna be your new addition
Your so fly,
No lie,
And you know this (ballin')
One of a kind
Top of the line
Drop dead gorgeous.
I saw you from across the room
Dancing to my favourite tune.
Navigating through this crowded room
Excuse me,
Coming through.
Ref.: ...
Love at first flight
While frolicking through the flowers,
On a summer night
Keep on tearing up the dance floor
(Cause every ones staring at how high we're getting)
