Nickel Creek, When You Come Back Down

You gotta leave me now
You gotta go alone
You gotta chase a dream
One that's all your own
Before it slips away

When you're flying high
Take my heart along
I'll be the harmony
To every lonely song
That you learn to play

When you're soaring through the air
I'll be your solid ground
Take every chance you dare
I'll still be there
When you come back down
When you come back down

I keep looking up
Awaiting your return
My greatest fear will be
That you will crash and burn
And I won't feel your fire

I'll be the other hand
That always holds a line
Connecting in between
Your sweet heart and mine
I'm strung out on that wire

I'll be on the other end
To hear you when you call
Angel you were born to fly
And if you get too high
I'll catch you when you fall
Catch you when you fall

Your memory's the sunshine
Every new day brings
I know the sky is calling
Angel let me help you with your wings

When you're soaring through the air
I'll be your solid ground
Take every chance you dare
I'll still be there
When you come back down

Take every chance you dare
I'll still be there
When you come back down
When you come back down
