

Nickelback, I'll Come for You

Just one more moment
That's all that's needed
Like wounded soldiers
In need of healing
Time to be honest
This time I'm bleeding
Please don't dwell on it
Cuz I didn't mean it
I can't believe I said I'd lay our love on the ground
but it doesn't matter cuz I've made it up
Forgive me now
Everyday I spend away
My soul's inside out
Gotta be some way that I can
Make it up to you now, somehow.
By now you know that
I'd come for you
No one but you
Yes I'd come for you
But only if you told me to
And I'd fight for you
I'd lie, it's true
Give my life for you
You know I'll always come for you
I was blindfolded
But now I'm seeing
My mind was closing
Now I'm believing
I finally know just what it means to let someone in
To see the side of me that no one does or ever will
So if you're ever lost and find yourself all alone
I'd search forever just to bring you home,
Here and now this I vow
By now you know that
I'd come for you
No one but you
Yes I'd come for you
But only if you told me to
And I'd fight for you
I'd lie, it's true
Give my life for you
You know I'll always come for you
You know I'll always come for you
No matter what gets in my way
As long as there's still life in me
No matter what, remember
You know I'll always come for you
Yes I'd come for you
No one but you,
Yes I'd come for you
But only if you told me to
And I'd fight for you
I'd lie, it's true
Give my life for you
You know I'll always come for you
No matter what gets in my way
As long as there's still life in me
No matter what, remember
You know I'll always come for you
I'd crawl across this world for you
Do anything you want me to
No matter what, remember
You know I'll always come for you
You know I'll always come for you
