

# Nickelback, Just Four

I want take his eyes out  
Just for looking at you  
Yes I do  
I want to take his hands off  
Just for touching you  
Yes I do

And I want to rip his heart out  
Just for hurting you  
And I want to break his mind down  
Yes I do

And I want to make him  
Regret life since the day he met you  
Yes I do  
And I want to make him  
Take back all that he took from you  
Yes I do

And I want to rip his heart out  
Just for hurting you  
And I want to break his mind down  
Yes I do
