

# Nicki Minaj, Freedom

They'll never thank me for opening doors  
But they ain't even thank Jesus when he died on the cross  
Cause ya spirit is ungrateful, bitches is so hateful  
I remain a staple  
My career's been the pinkprint  
When I retire, tell 'em think pink  
Pink Friday is the imprint  
And these bitches basic, instinct  
Oh shit, my commercial's on  
Did I really body bitches with commercial songs?  
Did I really prophecy every thing I do?  
But before I continue let me thank my crew  
So that was Young Wayne, Mack Maine, Baby & Slim came  
Tez & E.I. told me it wouldn't be in vain  
Cause prior to me signing  
I could've went insane  
And even now I think do I really want this fame  
Let me get up and go, 700 to go  
Overseas for a show  
Everybody get quiet when I'm starting the show  
Man, I'm birthing these artists  
And I'm starting to show

I feel free  
I feel freedom  
Why they mad?  
You should see them  
Burn a L  
Cause it's crazy in here  
Crazy in here  
Crazy in here

These niggas is fake fucks and oportunists

Why these niggas going broke to get ya approval?  
Pretty soon, they'll be back up on dem Ramen Noodles  
B-B-B-B-bible, Queen is the title  
And if you are my rival, then that means you're suicidal  
And if you in the club then it's a Young Money recital  
I'm just that vital  
I'm busy, never idle  
I'm ya idol, I'm ya idol, I'm ya mothafuckin' idol
