...A losing limit centerpoint
A given voice
A given choice
A losing limit centerpoint
I will give them all they need
Everything they know and read
But they must cross the line
The line

A given voice
A given choice
Everything they need is mine
A given voice
A given choice
Everything they need is mine

At a crossing of the line
Everything they need is mine
Everything is a big vision
A decision must be signed
A given voice
A given choice
A losing limit centerpoint
A given voice
A given choice
A losing limit centerpoint
I will give them all they need
Everything they know and read
But they must cross the line
The line

A given voice
A given choice
Everything they need is mine
A given voice
A given choice
Everything they need is mine
