

Nicola Hitchcock, You Will Feel Like This

Give me your hand give me some more time
I will awaken into your world
All I know
And when I do we will be as one
And when I know we will be as one
All I know

Someone should say you will feel like this
Someone should say it will be like this

We slow danced and you hold me close
Been so long, feels so good
I don't know what I'm feeling now
Guess I'm scared
Gonna take a little time
