## Nicola Hitchcock, You Will Feel Like This

Give me your hand give me some more time I will awaken into your world All I know And when I do we will be as one And when I know we will be as one All I know

Someone should say you will feel like this Someone should say it will be like this

We slow danced and you hold me close Been so long, feels so good I don't know what I'm feeling now Guess I'm scared Gonna take a little time
