

# Nicole C. Mullen, I Can/Believe

She ain't gotta lot but she's gonna  
Give it anyway  
Working hard to feed her family  
Day after day  
Her baby's got a cold and her daughter needs some brand new shoes  
Got a job she can't afford to keep  
But can't afford to lose

(Chorus)  
But she believes that  
God will work a miracle  
She believes that  
A rainbow can be found  
She believes that a seed can make a mighty tree  
Believes that, yeah the girl believes

He's been told all his life forget those fancy dreams  
You're not smart and you're not rich  
(So) what can you achieve  
But he's been talkin' to the One who's King of everything  
Now he's got faith and confidence  
That he will receive

(Chorus)
