

# Nicole Cherry, Pop That

day by day  
time is running away  
I can't stop what it's started  
I can't see what is coming  
in to my way  
don't stop to believe you've got nothing to prove

when you're making a mistake  
just get up  
don't be afraid to say: Sorry!  
that's how you start an ordinary day  
in the moment of glory

yes i can  
i can climb the highest mountains  
if I want  
yes i can  
yes i can  
I can hate  
I can love  
and forgive If I want  
yes i can  
yes i can  
I can get up and fight f it's necessary  
and I cn do what I want with my life  
yes i can
