

Nicole (FI), Uuteen

Siemenen kuorista kuplivan hajotan
avaan suljetun rasian
Veden reunasta rauhoitan
avaan kuljetun asian
siit irrotaan, siit erotaan

Luodit lentvt
lpi auringon

Veden reunasta sammutan
tulisormilla sytytn kynttiln
meille hengittnyt, meit on hengittnyt

Luodit lentvt
lpi auringon

</lyrics>

From seedcases

I burst the bubbling

I open the closed box

I calm from the shore

I open the closed matter

Disconnecting from it

Parting from it

Bullets fly
Thru the sun

From the shore
I extinguish a candle

Breathed for us
Breathed us
