

Nicole Ray, I'm Lookin

i'm lookin for someone to hold on to
i'm lookin for you, i'm lookin for you, i'm checkin for you
i'm lookin for someone that i can trust
i'm lookin for you, i'm lookin for you, baby its you
i'm waitin on you to say those words
i'm waitin for you, i'm waitin for you, i'm patient for you
i'm think about how it would be at night
you holding me tight, you squeezin me tight, all through the night

[[chorus]]

i've been all around
said i been here and there and everywhere
and i have not yet found you
but still i kno my heart is true
but i keep waiting anticipating
it's getting harder
so much love inside
and i still have not yet found
someone for me, truly for me

i gotta quit foolin myself
thinkin im gonna be fine, wasting my time
i wanna be like everybody else
i wanna fall, i wanna see, what about me
will i ever fully be complete?
i know there's someone waitin for me
so if you're listening baby rush rite over
cuz i need you next to me

[[chorus]]

[[bridge]] x2

if i could trade my fame and all my jewelry
you know that i would
cuz it don't mean nothing to me
what i need is the warmth of a man
the strength of his hands.. lemme sing it again

[[chorus]] x3
