

Nicole Scherzinger, I'm getting there

I never knew about love but I'm getting there
No, I never knew love but I'm getting there
I never knew about love
Never knew how to care
But I'm getting there
I'm getting there
I never had any reason for me to share
Never knew what love could do but I'm getting there I owe it all to you
We can see this thing through
Cause I'm getting there
I'm getting there
Never knew the passion
Never knew what love could do
Never knew the feel of satisfaction
Never baby til I met you
And we shared love's actions
Said I never knew fulfillment
I never had any reason for me to share
Never knew what love could do but I'm getting there
Never knew how to care
But I'm getting there
I'm getting there
I never knew about love but I'm getting there
No, I never knew love but I'm getting there
I never knew about love
Never knew how to care
But I'm getting there
I'm getting there
I never had any reason for me to share
Never knew what love could do but I'm getting there
Never knew how to care
But I'm getting there
I'm getting there
I never had any reason for me to share
Never knew what love could do but I'm getting there I owe it all to you
We can see this thing through
Cause I'm getting there
I'm getting there
Never knew the passion
Never knew what love could do
Never knew the feel of satisfaction
Never baby til I met you
And we shared love's actions
Said I never knew fulfillment
I never knew about love but I'm getting there
No, I never knew love but I'm getting there
I never knew about love
Never knew how to care
But I'm getting there
I'm getting there
